

# HAVE YOU SEEN THIS DOG?

She was spooked while we were visiting in Rimbey, AB in June 2011 and had been running scared for 2 weeks before sightings suddenly stopped. If someone rescued her she would have looked abused or abandoned, however her family hasn't stopped looking and needs to know what has become of her. She is under 10 lbs & 12 in tall.

Coat grows out long & scruffy but had more white on her face than in this older photo

She is a 7 yr old spayed female Terrier cross with a wire-haired coat that requires clipping or will grow out shaggy. She has an ear tattoo "VN49S "
